CHAIRPERSON'S MESSAGE

It is once again gratifying to see that the annual audit reveals the highest level of integrity, responsibility and control on the part of the Board and its employees.

This year marks the 10th Anniversary of South Africa's first democratic elections. As we celebrate the great achievements of the past 10 years, we must give thanks to those that brought us our freedom and also acknowledge all the changes we have experienced.

The National Lotteries Board is young compared to our new democracy. We have just celebrated 5 years of existence. The term of office of the Board expired in October 2003 and was renewed for a further five years. Advocate Nceba Dukada could not accept his re-appointment due to work commitments and was replaced by Advocate George Negota. Dr Alister Ruiters, Director-General of the dti was replaced by Ms Astrid Ludin as the member designated by the Minister.

We are indeed proud of the contributions made by the National Lottery and the difference the good cause monies have made to the lives of the less fortunate in our country. Many of the recipients faced bleak times and have been afforded the opportunity to continue in their service to their community through the grants from the National Lottery Distribution Trust Fund (NLDTF).

In acknowledging the difference made to the lives of our people, we should also acknowledge those who make it possible for the funds to be generated. While Uthingo Management may be responsible for the running of the National Lottery and the National Lotteries Board may be responsible for the regulation of the National Lottery and the distribution of funds, none of this would be possible without the participants in the National Lottery.

It is through the contributions of lottery players that billions of rand have been generated for good causes and passed on to the thousands of beneficiary groups across our country. Since the inception of the National Lottery in March 2000, over 5 000 beneficiaries have been allocated over R2,2 billion from the NLDTF. We cannot thank the public enough for their participation in the National Lottery. The funds distributed come from monies raised by South Africans, for South Africans.

We have completed yet another successful year and there are many that I would like to thank for their contributions:

- Uthingo Management for a well organised, efficient and secure Lottery;
- Members of the National Lotteries Board for their input and conviction in ensuring that the National Lottery is run with integrity and due propriety;
- Minister Erwin and the dti for their guidance and assistance;
- Members of the Audit Committee for their diligence and valuable input;
- Members of the Distributing Agencies for the time spent adjudicating applications; and
- Professor Ram and his staff for making sure our duties, as determined by the Lotteries Act, are fulfilled.

I would also like to give the assurance of the National Lotteries Board that we will continue to strive to ensure that the National Lottery is run with due propriety and that profits and contributions to good causes will not be at the expense of families and our people.

ACTIVITIES OF THE BOARD

For the year under review, we can report on the following activities.

TRANSKEI and CISKEI STATE LOTTERIES

The Board is pleased that the audit issue of the Transkei and Ciskei State Lotteries has finally been resolved. After much uncertainty regarding the relative responsibilities of resolving this matter, the Board reached an agreement with the Office of the Auditor-General to initiate an investigation by an independent agency.

The investigation revealed that an amount of R2.5m was paid out from the Transkei State Lottery account to the Transkei Sport and Education Aid Trust account after the commencement of Section 64 of the Lotteries Act. In terms of the Act, this amount should have been paid into the NLDTF.

The Board will continue with the investigation in the coming financial year in order to achieve a final resolution. With respect to the Ciskei State Lottery, a lack of documentation prevented any conclusive findings except that the Lottery was abolished in the early 1990's and that the assets were transferred to the Ciskei Revenue Fund.

THE NATIONAL LOTTERY

A total of 89 millionaires have been produced in the last financial year. Millions of South Africans have won prizes in the other six prize categories. The highest level of sales recorded in any draw was R67 183 605 in Draw number 281.

Since the launch of the National Lottery in March 2000, there have been a total of 373 LOTTO millionaires.

Performance Standard Measures of Uthingo Management, operator of the National Lottery

As part of its bid commitments and during Licence negotiations, Uthingo and the Board agreed on a set of performance measures in respect of the National Lottery. The set of measures currently used will be extended as the National Lottery evolves and new activities are added. The more important measures are indicated in the table that follows:

Performance Area	Measure	Attained
Availability of Online Facilities (Central Systems)	99.90%	99.98%
Availability of Network	99.60%	99.83%
Terminal Reliability (number of unscheduled repair visits per year per terminal)	2.00	1,68

Player Relations: Complaints resolved within 10 days	85.00%	39.68%

Responsible Gambling Committee

A joint Responsible Gambling Committee was set up between the Board and Uthingo Management to oversee that responsible participation in the National Lottery was promoted. The team comprises of Prof. Vevek Ram and Sershan Naidoo from the Board and Thembi Tulwana and Mpolai Nkopane from Uthingo Management. The Committee is also represented on the South African Advisory Committee on Responsible Gambling (SAACREG)

The first campaign of the Committee was the Responsible Play Programme. The slogan of the campaign is: "Play Responsibly. Remember...it is only a game". This slogan has been incorporated into all advertising of the National Lottery and is clearly posted at all lottery outlets. Uthingo has also incorporated the campaign into their road shows and outside lottery draws.

In the last financial year, the Responsible Gambling Committee also commissioned the Bureau for Market Research at UNISA to research the playing patterns of the lottery-playing public. Interviews were both telephonic (750) and face-to-face (1250) across South Africa and included people living in both formal and informal dwellings.

Some of the findings of the report are detailed below:

1. Do you participate in the National Lottery?

2. Do you find participation in the National Lottery acceptable?

3. How often do you buy Lotto tickets?

4. What would you spend your winnings on?

5. How much did you spend on the lottery in the last month?

The study also revealed the following important facts:

- While 7 out of 10 people play the Lottery regularly, only 0.5% of household expenditure is spent on the Lottery,
- \circ 90% of Lottery players play regularly, 10% only play when there is a large jackpot.
- 60% of all Lottery players understand the concept that each draw is independent and that each number has an equal chance of being drawn.
- 1.2% of the sample exhibited the potential to become compulsive players. This is in line with international norms.
- Less than 0,5 % (i.e. R5 in every R1000) of household expenditure is allocated to Lottery games, implying a relatively small displacement effect.

• The propensity to gamble, i.e. the percentage of household expenditure spent on legalised gambling as a whole, shows the following proportions for 2001:

Lottery games:	0.42%
Casinos:	0,91%
Horse racing/betting:	0,20%
Total:	1,53 %

These results indicate that while the National Lottery is the most popular game in the country, it has a minimal socially disruptive effect. Both the National Lotteries Board and Uthingo Management are committed to promoting responsible participation in the National Lottery and are concerned about those players (1,2%) who may have the potential to become problem players.

The National Lotteries Board and Uthingo Management will remain vigilant in their duty to protect participants and will continue to monitor participation against established benchmarks.

STAFF OF THE BOARD

At the 31 March 2004, the staff compliment of the Board was 37.

The Board is committed to equity and redress. In appointing members of staff, preference is given to candidates from previously disadvantaged groups. Our staff compliment includes one previously disadvantaged female with a physical disability.

EXECUTIVE COMMITTEES OF THE BOARD

In the period under review, the composition of the Executive Committees of the Board was as follows:

PERFORMANCE AGAINST PRE-DETERMINED OBJECTIVES

Since the Board is a regulator, and since the process of regulation and its outcomes are very difficult to predict and to plan for, the Board relies on the specification of its functions in the Lotteries Act and directions given to it by the Minister of Trade and Industry as the primary objectives of its operation and performance. The National Treasury has supported this view. Specifically, these objectives and the Board's performance against them are presented below.

Objective	Boards Performance
Ensure that the National Lottery and Sport Pools are conducted with all due propriety.	 All employees of the operator and the Board undergo extensive probity checks annually. Continuous monitoring of the Operator's control and security environments through regular compliance programmes. To date, the integrity of the National Lottery has not been compromised.
Ensure that the interest of every participant in the National Lottery is adequately protected.	 Continuous monitoring of the gaming and prize payment environments and the Operators call centre. Compliance visits to the live draw. Compliance visits to Retailers.

Ensure that the net proceeds of the National Lottery are as large as possible.	 Continuous monitoring of Sales and Prizes and the tranche calculations specified in the Licence. Continuous monitoring of ancillary revenue. Continuous monitoring of all categories of expenditure incurred by the Operator.
Administer the National Lottery Distribution Trust fund (NLDTF) and hold it in trust.	 Tight controls on the receipt and investment of monies generated. Tight controls on the disbursement of monies to beneficiaries.
Monitor, regulate and police lotteries incidental to exempt entertainment, private lotteries, society lotteries and any competition contemplated in Section 54 of the Lotteries Act.	 Continuous monitoring of lottery related activity in the market. Processes in place for registration of lottery managers, operators and fundraising schemes.
Advise the Minister on percentages of money to be allocated in terms of Section 26(3) of the Lotteries Act.	The Board has since made four proposals regarding the allocation of monies. Three have been approved. The current proposal is under consideration by the Minister.
Advise the Minister on the efficacy of legislation pertaining to lotteries and ancillary matters.	The Board has since made proposals to the Minister regarding amendments to the Lotteries Act on three occasions. Two amendments have already been implemented.
Advise the Minister on establishing and implementing a social responsibility program in respect of lotteries.	The Board, in conjunction with the Operator, has a comprehensive social responsibility programme. The Board monitors the programme annually.
Administer and invest the money paid into the National Lottery Distribution Trust Fund in accordance with the Lotteries Act.	The Board has received approval from the Minister of Finance for its investment strategy and currently invests in strict accordance with this policy.
Make such arrangements as may be specified in the licence for the protection of prize monies and sums for distribution.	The Board has, at the start up of the Lottery, approved and authorised the various trusts to hold monies reserved for outstanding prizes. The status of these trusts is monitored continually.
Provide the administrative and management support to the Distribution Agencies for the purposes of grant making.	 The Board has set up the Central Applications Office and has to date, in cooperation with the Distributing Agencies, allocated 5 092 grants totalling R2 220 547 706.00. The current cost to disbursement is below 2%. The international average is approximately 11%.

The Board has initiated the development of measurable outcomes in respect of its efficiency in the area of grant disbursements and the throughput in the Central Applications Office. While these are in the process of being refined, the following figures reflect the throughput performance of the office for the period under review:

Disbursements: Actual = R613 million (Budgeted = R500 million)

Turnaround Times:

Application to adjudication Actual average = 18 weeks (Standard = 8 weeks)

Adjudication to payment Actual average = 6 weeks (Standard = 8 weeks)

NATIONAL LOTTERY DISTRIBUTION TRUST FUND

During the period under review, advertisements calling for applications were issued for the Charities; Arts, Culture and National Heritage; and Sport and Recreation categories.

Criteria and focus areas

All applicants are obliged to submit the following documentation as part of the application process:

- 1. FORM 03/1, duly completed and signed;
- 2. Project Business Plan with supporting documentation;
- 3. Constitution, Articles of Association, Trust Deed or Founding Document;
- 4. Audited Financial Statements for the past two years; and
- 5. Proof of registration as a non-profit organisation.

Further, funding is only available to organisations whose founding documents state that its income and property are not distributable to its members, employees or managers, except as reasonable compensation for services rendered.

Each of the categories identifies their own target groups and supplementary information required to adjudicate applications.

The focus for Arts and Culture was again on organisations whose activities addressed the production and promotion of cultural products and/or performance; education, training and skills transfer; and the building of new audiences and increasing public access to the arts. The National Heritage (including Environment) sector invited applications from community, youth, women's, faith and school groups from different socio-economic backgrounds involved in the areas of cleanup operations, especially in densely populated areas; planting of indigenous plants and trees; youth environmental education; and youth activities that encouraged partnerships for sharing experiences and resources between the more and the less advantaged groups.

The **Charities** Distributing Agency called for applications from organisations serving the needs of children, the youth, socially vulnerable groups (e.g. elderly, women, and disabled) and people living with HIV/AIDS. The focus was also on community and residential programmes; capacity building and poverty alleviation in areas that are under-resourced and under-served. Once again, organisations without registration or audited financial statements were allowed to apply in partnership. Registered and established organisations were requested to assist these organisations with their applications and enter into a formal working agreement with them.

The Distributing Agency for **Sport and Recreation** still identifies as their priority areas, existing sports facilities/clubs that lacked sports equipment; the upgrading and/or renovation of existing sports facilities; and training institutions/organisations running training programmes for capacity building for sport i.e. managers, coaches, administrators, technical officials. Special consideration was given where the activities of organisations applying for funding from the Sport and Recreation Distributing Agency benefited people in rural areas and vulnerable groups such as women, the youth, people with disabilities and the elderly.

No funds were transferred to the **Reconstruction and Development Programme** (RDP). The Board is awaiting the outcome of recommendations to the Department of Trade and Industry with regard to the amendment to the Lotteries Act for the distribution of funds allocated for this purpose.

For the period 01 April 2003 to 31 March 2004, the breakdown of the funding process is as follows:

Category	Amount Available for Distribution	No. of Beneficiaries	Amount Allocated
Arts, Culture & National Heritage	363,728,394 (22%)	287	375,383,838 (103%)
Charities	595,191,917 (36%)	1 142	613,121,706 (103%)
Miscellaneous Purposes	82,665,544 (5%)	1	17,420,370 (21%)
RDP	247,996,632 (15%)	-	-
Sport & Recreation	363,728,394 (22%)	389	252,389,841 (69%)
TOTAL	1,653,310,881	1 819	1,258,315,755 (76%)

From the above, it can be seen that 92% of the funds available for Arts, Culture and National Heritage; Charities; and Sport and Recreation were allocated to good causes. All unallocated funds will be carried forward to the next year and will be made available for distribution.

For the period 01 April 2003 to 31 March 2004, the distribution of good cause monies per province is as follows:

	Arts, Culture & National Heritage	Charities	Sport & Recreation	Miscellaneous Purposes	TOTAL
National Bodies	13,896,700	91,571,334	43,719,364	17,420,370	166,607,768
Eastern Cape	42,061,520	56,216,063	27,847,060	-	126,124,643

SOCIETY AND OTHER LOTTERIES

Regulations in respect of Society and Other Lotteries were promulgated on 18 April 2000 in Government Gazette No. 21119.

In terms of the regulations, societies that wish to raise funds through lottery-type competitions have to first register with the National Lotteries Board and comply with requirements of the regulations. In doing so, all organisations are obliged to inform the Board of each competition they run. The regulations also govern, amongst others, the amount that can be raised in each lottery, the frequency of lotteries and the amount that can be allocated to legitimate expenses. Organisations are given the opportunity to apply for exemptions, should they so require.

Applications of Registration

	Received	Approved	Declined	Outstanding
Applications for Society Registration	25	7	4	14
Applications for Scheme Registration	34	27	5	2

Application for Exemption

Registration Number	Name of Society	Draw Date	The Nature of Exemption Granted
00025	Reach For A Dream Foundation	13/07/03	Exemption for level of expenses.

PROMOTIONAL COMPETITIONS

The amendments of section 54 of the Lotteries Act have been promulgated in Government Gazette Number 24837 and came into effect on 2 May 2004 whilst the Regulations have been promulgated in Government Gazette Number 24874 and came into effect on 6 May 2003.

The amendments include *inter alia the* removal of the restrictions, which regulated the categories of promotional competitions, the particular categories of persons conducting promotional competitions and the categories of participants in promotional competitions.

Included in the amendments are the removal of the maximum value of prizes, the nature of prizes, the number of competitions, the notification of competitions as well as the frequency, duration, maximum number of competitions and geographical areas in which competitions may be conducted.

A chapter on Promotional Competitions has been included in the Board's guidebook, Lotteries and the Law. 2 000 copies will be printed for immediate distribution. The Board will also be actively monitoring promotional competitions in the print media and magazines to ensure that the regulations are adhered to.

NATIONAL LOTTERIES BOARD (NLB) REPORT OF THE AUDIT COMMITTEE

for the year ended 31 March 2004

We are pleased to present our report for the financial year ended 31 March 2004.

Status

The Audit Committee has non-executive status in an advisory capacity to the Board. In no circumstances will the Audit Committee have executive powers with regard to its findings and recommendations or any operational aspects of the management and control of the National Lotteries Board or the National Lottery Distribution Trust Fund. Its role is that of an independent monitor of the activities within the National Lotteries Board and the National Lottery Distribution Trust Fund.

Audit Committee Members and Attendance

The Audit Committee consists of the members listed hereunder and meets at least twice per annum as per its approved terms of reference. During the year under review four meetings were held.

Member	No of meetings attended
N Axten (Chairperson)	4
R Nayager (Ernst & Young)	2
JFJ Scheepers	4

Audit Committee Responsibility

The Audit Committee reports that it has complied with its responsibilities arising from Treasury Regulation 27.1. The Audit Committee also reports that it has adopted appropriate formal terms of reference as its audit committee policy, has regulated its affairs in compliance with this policy and has discharged all its responsibilities as contained therein.

The Effectiveness of Internal Control

External audit management letters and Internal audit reports were reviewed to ensure that significant matters raised in the aforementioned management letters and reports are timeously addressed and rectified.

Quality of Management Reports

The committee is satisfied that the policies and procedures implemented by management were sufficient to ensure that the accounting and information systems and related controls are adequate and effective.

Evaluation of Financial Statements

In compliance with the committee's terms of reference, the Annual Financial Statements of the National Lotteries Board and the National Lottery Distribution Trust Fund were reviewed and the approval thereof recommended to the Board.

The Audit Committee concurs and accepts the conclusions of the Auditor-General on the Annual Financial Statements of the National Lotteries Board and the National Lottery Distribution Trust Fund and is of the opinion that the audited financial statements be accepted and read together with the report of the Auditor-General.

REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT

ON THE FINANCIAL STATEMENTS OF THE NATIONAL LOTTERIES BOARD FOR THE YEAR ENDED 31 MARCH 2004

1. AUDIT ASSIGNMENT

The financial statements as set out on pages 21 to 36, for the year ended 31 March 2004, have been audited in terms of section 188 of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996), read with sections 3 and 5 of the Auditor-General Act, 1995 (Act No. 12 of 1995) and section 12(4) of the Lotteries Act, 1997 (Act No. 57 of 1997). These financial statements, the maintenance of effective control measures and compliance with relevant laws and regulations are the responsibility of the accounting authority. My responsibility is to express an opinion on these financial statements, based on the audit.

2. NATURE AND SCOPE

The audit was conducted in accordance with Statements of South African Auditing Standards. Those standards require that I plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement.

An audit includes:

- examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements,
- o assessing the accounting principles used and significant estimates made by management, and
- evaluating the overall financial statement presentation.

Furthermore, an audit includes an examination, on a test basis, of evidence supporting compliance in all material respects with the relevant laws and regulations, which came to my attention and are applicable to financial matters.

I believe that the audit provides a reasonable basis for my opinion.

3. AUDIT OPINION

In my opinion, the financial statements fairly present, in all material respects, the financial position of the National Lotteries Board at 31 March 2004 and the results of its operations and cash flows for the year then ended, in accordance with generally accepted accounting practice and in the manner required by the Public Finance Management Act, 1999 (Act. No 1 of 1999).

4. EMPHASIS OF MATTER

Without qualifying the audit opinion expressed above, attention is drawn to the following matter:

4.1 Fraud prevention plan

The Board did not have an operational fraud prevention plan during the year under review as is required in terms of Treasury Regulation 27.2.1. A plan was however compiled and approved on 23 June 2004.

APPRECIATION

The assistance rendered by the staff of the National Lotteries Board during the audit is sincerely appreciated.

F Joubert for Auditor-General

NATIONAL LOTTERIES BOARD SUMMARY OF ACCOUNTING POLICIES

for the year ended 31 March 2004

The principal accounting policies adopted in the preparation of these financial statements are set out below.

1 Basis of preparation

The principal accounting policies of the Board and the disclosures made in the financial statements conform with generally accepted accounting practice in South Africa. The financial statements are prepared on the historical cost basis. The principal policies are consistent with those applied in previous years.

1.1 Property, plant and equipment and intangible assets

All property, plant and equipment and intangible assets are initially recorded at cost. Assets are stated at historical cost less accumulated depreciation/amortisation and are written off over the expected useful life of the asset.

Depreciation/amortisation is calculated on the straight-line method to write off the cost of assets to their residual values over their estimated useful lives as follows:

-	Furniture and fittings	5 years
-	Office equipment	5 years
-	Computer equipment	3 years
-	Motor vehicles	4 years
-	Leasehold improvements	3 years
-	Intangible assets	3 years

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

Where the cost of an asset is less than R2 000 that asset is expensed immediately.

Gains and losses on disposal of property, plant and equipment and intangible assets are determined by reference to their carrying value and are taken into account in determining operating profit.

1.2 Leased assets Finance lease

Leases of property, plant and equipment where the National Lotteries Board assumes substantially all the benefits and risks of ownership are classified as finance leases. Finance leases are capitalised at cost. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The corresponding lease obligations, net of finance charges, are disclosed as non-current liabilities. The interest element of the finance charges is charged to the income statement over the lease period. The property, plant and equipment acquired under finance leasing contracts are depreciated over the useful lives of the assets.

1.3 Operating leases

Leases of assets under which the lessor effectively retains all the risks and benefits of ownership are classified as operating leases. Payments made under operating leases are charged to the income statement as incurred, over the period of the lease. Operating leases currently only relate to the premises being leased by the National Lotteries Board.

1.4 Provisions

Provisions are recognised when:

the National Lotteries Board has a present legal or constructive obligation as a result of past events,

NATIONAL LOTTERIES BOARD SUMMARY OF ACCOUNTING POLICIES

for the year ended 31 March 2004

- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and
- a reliable estimate of the amount of the obligation can be made.

Employee entitlements to annual leave and service bonuses are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and service bonuses as a result of services rendered by employees up to the balance sheet date.

1.5 Revenue recognition

Revenue earned by the Board is recognised on the following basis:

- License fees over the period of the license contract,
- Interest income as it is accrues (taking into account the effective yield on the asset) unless collectability is in doubt,
- Fees received from the bidders as it accrues, and
- Assistance from the NLDTF the assistance from the NLDTF is based on anticipated operating costs
 for which the Board is responsible. The Board withdraws the amounts as and when required, based on
 overall approval by the Minister of Trade and Industry. Income is recognised as operating costs are
 defrayed.

1.6 Financial instruments

Financial instruments carried on the balance sheet include cash and bank balances, investments, receivables, creditors, leases and borrowings.

Measurement

Financial instruments are initially measured at cost. Subsequent to initial recognition these instruments are measured as set out below.

Investments

Investments are recognised as capital invested plus interest as it accrues.

The Board classifies its funds placed with various banking institutions in the form of fixed deposits, banker's acceptances, promissory notes and negotiable certificates of deposit as originated loans and receivables. This category of accounting for investments affords the opportunity of early conversion to cash if required, and not having to necessarily hold all instruments to maturity. These investments are also classified as current assets as it is the express intention to have all investments mature within twelve months from the balance sheet date.

Trade and other receivables

Trade and other receivables are stated at cost less provision for doubtful debts.

Cash and cash equivalents

Cash and cash equivalents are measured at cost plus interest income as it accrues.

Financial liabilities

Financial liabilities are recognised at amortised cost, namely original debt less principal payments and amortisations.

1.7 Retirement benefit cost

The Government Employees Pension Fund is a defined benefit fund, which provides retirement and death benefits for the Chairperson. Government guarantees any unfunded liability. The pension plan is generally funded by payments from the Chairperson and the National Lotteries Board. The contributions are charged to the income statement in the year to which they relate.

The Provident Fund to which all other employees belong is a defined contribution fund, which provides retirement, death and disability benefits. The National Lotteries Board funds the plan as part of the cost to the Board. The contributions are charged to the income statement in the year to which they relate.

Office premises are leased. Rentals are charged as an expense as and when incurred.

The current lease would have originally expired on 31 March 2005 but as a result of the National Lotteries Board's planned physical move to the new DTI campus at the end of June 2004, exposure on operating lease commitments has been reduced to three months. The new lease agreement with the DTI is still in the process of being finalised.

15 Financial instruments

Credit risk

Financial assets that could subject the Board to credit risk consist principally of cash at bank and cash equivalents, deposits and accounts receivable. The Board's cash equivalents are placed with high credit quality financial institutions. Accounts receivable is presented net of the allowance for doubtful receivables or loan write-offs. Credit risk with respect to trade receivables is limited to the lottery operator.

Fair values

The carrying amount of cash and cash equivalents, deposits, accounts receivable and accounts payable approximated their fair values due to the short term maturities of those assets and liabilities.

16 Taxation

The National Lotteries Board is exempt from income tax in terms of Section 10(1)(cA) of the Income Tax Act, 1962. The Board is however registered and liable for VAT in terms of the Value-Added Tax Act, 1991.

17 Contingent liabilities

Guarantee of R35 325 provided by Nedbank in respect of the operating lease.

NATIONAL LOTTERY DISTRIBUTION TRUST FUND (NLDTF)

ANNUAL FINANCIAL STATEMENTS for the year ended 31 March 2004

REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT

ON THE FINANCIAL STATEMENTS OF THE NATIONAL LOTTERY DISTRIBUTION TRUST FUND FOR THE YEAR ENDED 31 MARCH 2004

1. AUDIT ASSIGNMENT

The financial statements as set out on pages 40 to 47, for the year ended 31 March 2004, have been audited in terms of section 188 of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996), read with sections 3 and 5 of the Auditor-General Act, 1995 (Act No. 12 of 1995) and section 12(4) of the Lotteries Act (Act No. 57 of 1997). These financial statements, the maintenance of effective control measures and compliance with relevant laws and regulations are the responsibility of the accounting authority. My responsibility is to express an opinion on these financial statements, based on the audit.

NATURE AND SCOPE

The audit was conducted in accordance with Statements of South African Auditing Standards. Those standards require that I plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement.

An audit includes:

- examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements,
- · assessing the accounting principles used and significant estimates made by management, and
- evaluating the overall financial statement presentation.

Furthermore, an audit includes an examination, on a test basis, of evidence supporting compliance in all material respects with the relevant laws and regulations, which came to my attention and are applicable to financial matters.

I believe that the audit provides a reasonable basis for my opinion.

3. AUDIT OPINION

In my opinion, the financial statements fairly present, in all material respects, the financial position of the National Lottery Distribution Trust Fund at 31 March 2004 and the results of its operations and cash flows for the year then ended, in accordance with generally accepted accounting practice and in the manner required by the Public Finance Management Act, 1999 (Act No. 1 of 1999).

4. EMPHASIS OF MATTER

4.1. Unexpended money of the former Ciskei and Transkei State Lotteries

Section 64(2) of the Lotteries Act states that "All unexpended money in (a) the Distribution Account referred to in the State Lotteries Act, 1984 (Ciskei) and the State Lottery Trustee Account referred to in the Lotteries Decree, 1989 (Transkei) immediately before the commencement of the Lotteries Act, shall be paid into the fund". In terms of the act the date of commencement of section 64(2) was 28 August 1998.

In terms of section 68 of the Lotteries Act, 1997 (Act No. 57 of 1997), the former decree of the Transkei (Decree No.14 of 1989) was repealed on 28 August 1998. With reference to paragraph 3.1 of the 2002/2003 annual report, the Board appointed an audit firm to determine the extent of the amounts due to the fund on 28 August 1998 from the former Ciskei and Transkei State Lotteries.

Information obtained with regards to the former Transkei Lotteries Distribution Account, indicates that an amount of R21 000, which was not audited (due to the unavailability of financial statements), was available on the 27th of August 1998. According to the requirements of Lotteries Act, this money should have been paid into the National Lottery Distribution Trust Fund. Furthermore, from 28 August 1998 until 22 May 2002, the date on which the specific bank account was closed, it appears that funds amounting to approximately R2,5 million, which was also not audited (due to the unavailability of financial statements), has been deposited and paid out contrary to the provision of section 64(1) of the Lotteries Act by the former trustees of the Transkei Lottery from the Distribution Account. The recoverability of this amount is unknown.

REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT

ON THE FINANCIAL STATEMENTS OF THE NATIONAL LOTTERY DISTRIBUTION TRUST FUND FOR THE YEAR ENDED 31 MARCH 2004

No conclusive evidence could be found with regard to the former Ciskei Lottery. Unconfirmed information, received on the former Ciskei Lottery, created in terms of the State Lotteries Act, No. 24 of 1984, indicates that this lottery has apparently been abolished in the late 80's early 90's. Based on information available net assets were paid over to the then Ciskei Revenue Fund. Management considers this matter to be fully investigated to the best of their ability.

APPRECIATION

The assistance rendered by the staff of the National Lotteries Board during the audit is sincerely appreciated.

N Manik for Auditor-General

NATIONAL LOTTERY DISTRIBUTION TRUST FUND NOTES TO THE ANNUAL FINANCIAL STATEMENTS for the year ended 31 March 2004

1 Basis of preparation

The principal accounting policies of the National Lottery Distribution Trust Fund and the disclosures made in the financial statements conform with generally accepted accounting practice in South Africa. The financial statements are prepared on the historical cost basis. The principal policies are consistent with those applied in previous years.

1.1 Financial instruments

Financial instruments carried on the balance sheet include cash and bank balances, investments, receivables and payables. Financial instruments are initially measured at cost. Subsequent to initial recognition, these instruments are measured according to the particular methods adopted as disclosed in the individual policy statements associated with each of them.

Receivables

Receivables are stated at cost less provision for doubtful debts. No provision has been made for doubtful debts due to the full amount being considered recoverable.

Investments

Investments are recognised as capital invested plus interest as it accrues.

The Board classifies its funds placed with various banking institutions in the form of fixed deposits, banker's acceptances, promissory notes and negotiable certificates of deposit as originated loans and receivables. This category of accounting for investments affords the opportunity of early conversion to cash if required, and not having to necessarily hold all instruments to maturity. These investments are also classified as current assets as it is the express intention to have all investments mature within twelve months from the balance sheet date.

Cash and cash equivalents

Cash and cash equivalents are shown at the original capital invested plus accrued interest. For the purposes of the cash flow statement, cash and cash equivalents comprise cash in hand, deposits held at call with banks, and investments in money market instruments that mature in less than three months and are not only considered to be low risk investments, but may also be converted to cash earlier if considered necessary.

Financial liabilities

Financial liabilities are stated at cost.

1.2 Revenue recognition

- Share of ticket sales, unclaimed prize money and other scheduled proceeds according to the Licence Agreement is recognised as it accrues.
- Interest income is recognised as it accrues, taking into account the effective yield in respect of investments, unless collectability is in doubt.

1.3 Disbursement of funds

Disbursements are accounted for once applications for assistance from individual entities are approved by the respective Distributing Agencies.

1.4 Assistance to the National Lotteries Board

The assistance to the National Lotteries Board is based on anticipated operating costs for which the Board is responsible. The amount paid includes the corresponding value added tax element for which the National Lotteries Board is liable.

Credit risk

Financial assets that could subject the Board to credit risk consist principally of cash at bank and cash equivalents, deposits and accounts receivable. The Board's cash equivalents are placed with financial institutions approved by the Minister of Finance. Credit risk with respect to trade receivables is limited to the lottery operator.

Fair values

The carrying amount of cash and cash equivalents, deposits, accounts receivable and accounts payable approximated their fair values due to the short-term maturities of those assets and liabilities.

NATIONAL LOTTERY DISTRIBUTION TRUST FUND NOTES TO THE ANNUAL FINANCIAL STATEMENTS

for the year ended 31 March 2004

Interest rate risk

Investments are made at fixed interest rates. The rates are agreed upon at the inception of the investment. The Board may therefore be exposed to interest rate price risk in respect of investments. The risk is minimal due to the investments being made with financial institutions approved by the Minister of Finance. The maturity of these investments is not greater than one year and the interest receivable at the maturity date is agreed upon at the start of the investment.

12 Taxation

The National Lottery Distribution Trust Fund is exempt from income tax in terms of Section 10(1)(cA) of the Income Tax Act, 1962. The Fund is also not liable for VAT in terms of the Value-Added Tax Act, 1991, as it is not carrying on an enterprise but merely acts as a conduit to distribute funds.
